

On our Mission of **Hope** to New Orleans,

# What can YOU do to help?

1. **Sign up to go with us.** There is no substitute for feet on the ground and hands doing work. Even if you don't move as quickly as you once did, we'll find a job for you that will let you make a real contribution. On our last trip, the age range was 18 to 71.
2. **Make a cash donation.** Our trip will cost \$20.00 per day per person. Wouldn't it be terrific if we could underwrite this cost for every person on the trip, and send them as our ambassadors of good will? \$120.00 will fund the trip for one person for the week, so please be generous.
3. **Give materials or gift cards for materials:** All of the projects will need supplies...lumber, drywall, roofing, flooring...every supply item that Home Depot and Lowe's sell. Any assistance you can provide will help move our projects along.
4. **Transportation.** While we could all go to the Gulf Coast by ones or twos in family cars, it is much more fuel efficient (to say nothing of more fun) to take larger vehicles with more people in each. We can also carry more tools and supplies traveling this way. Donations of the use of a large vehicle, or cash for gas, or any other contribution(s) to the transportation effort would be appreciated.
5. **Remember us in your thoughts and prayers.** This is a big deal, and we will need all the support we can get to make it a success. This whole project is really all about faith. One of our goals is to help strengthen the faith of all whose lives touch the project.

**Help us give HOPE.**
